Csontváry Kosztva Tivadar

Tivadar Csontváry Kosztka was a Hungarian painter born in 1853. He started his career as a pharmacist, but he later followed his dream of becoming an artist. Csontváry believed he had a divine mission to create great art. He traveled widely, visiting places like Italy, Greece, and the Middle East for inspiration. His paintings are known for their bright colors and mystical, symbolic style. Although he was not famous during his lifetime, today he is considered one of Hungary's most important modern painters.

Mattia Preti: The Light of Baroque from Calabria"

Mattia Preti was a 17th-century Calabrian painter, born in Taverna in 1613. He is one of the main representatives of Italian Baroque art. Influenced by Caravaggio, he used strong contrasts of light and shadow. His works often have religious themes and can be found in many churches in Southern Italy and in Malta, where he worked for a long time. He died in 1699.
